DEPTH HYPNOSIS

Depth Hypnosis was created in the mid-nineties by Isa Gucciardi, Ph.D. Since then, it has grown into a successful therapeutic modality with Depth Hypnosis Practitioners practicing throughout the world. People are drawn to work with the DH Method both personally and professionally due to its insistence on the integrity of the practitioner as well as its emphasis on the empowerment of the participant. BOOKS

COMING TO PEACE

Coming to Peace reached #1 in Religion and Spirituality on Amazon within the first month of its release in the United States. Its success is due in no small part to the timeliness of the subject matter, popularity of the author, and the support it has received from luminaries in the field of psychology and spirituality. *Coming to Peace* is an integrative conflict resolution method, drawing from wisdom traditions and contemporary mediation techniques developed by Isa Gucciardi, Ph.D. Understanding that resolution lies in the deep and unbroken connectedness we share as human beings, this groundbreaking book shows how the processes of *Coming to Peace* meet those in conflict and provides them a pathway to reconciliation and wholeness.

THE NEW RETURN TO THE GREAT MOTHER

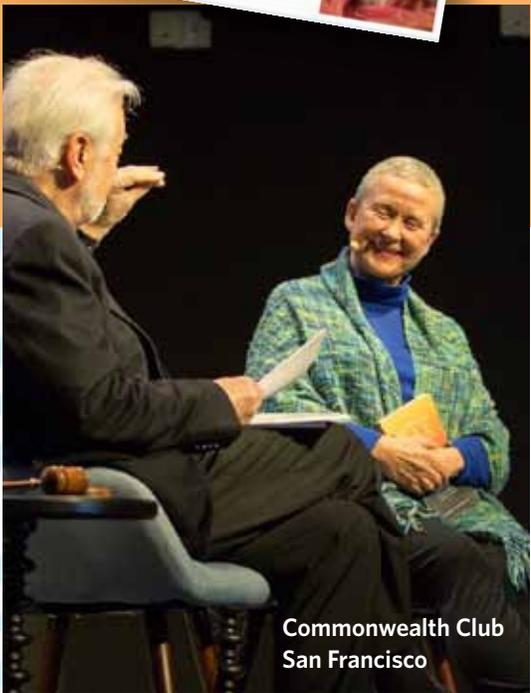

In this groundbreaking book, the reader is invited to rediscover the transformative feminine power at the heart of childbirth. Mothers, their partners, and birth professionals will learn how to tap into this ancient wellspring of power to create a birthing experience that is deeply intuitive and empowering. Offering a fresh perspective on birthing as a sacred initiatory process, it provides inspiring true stories, and offers up helpful tools and exercises for connecting with the wisdom and power of initiation and the Great Mother. It is rated an Amazon best-seller and reached number one in Pregnancy and Childbirth.

“Isa’s *Coming to Peace* is just the ticket for these challenging times! It is both easily accessible... and profoundly transforming... I heartily recommend this book.”

- Robert Thurman, Ph.D., Teacher, scholar, and best-selling author of *Infinite Life* and *Inner Revolution*
